Project

SMIU FYP Evaluation and Pilot project design

SMIU FYP Evaluation & Pilot Project Design is a joint project between SMIU (Sindh Madarssatul Islam University) and Combine Foundation. Its objective is to assist students in enhancing the quality and efficiency of their Final Year Projects. This project focuses on the aspects of project evaluation, validation, and piloting to make sure that the project is practically in demand.

Goal

The objective of this project is to assess and improve the quality of projects done by the students of SMIU during their final year through assessment, validation, and pilot testing.

Beach Cleanup drive with Hammad Foundation

The Beach Clean-up Drive was a collective effort between the Combine Foundation and the Hammad Foundation, in which youth contribute wholeheartedly with participation of more than 500 Gen Z volunteers. Through this activity, efforts were made to ensure a cleaner and greener environment by cleaning the beaches and spreading awareness regarding the need for protecting nature.

Goal

The main goal is to Bring the youth together for the purpose of having a positive impact on the environment through beach clean-up activities aimed at reducing pollution and sustainable green future.

Ramadan Bachat camp and Ration Drive with Hammad Foundation

The Ramadan Bachat Camp & Ration Drive was a joint initiative of Combine Foundation & Hammad Foundation to help needy families during the holy month of Ramadan. In this project, the daily basic necessities and essentials through the Bachat Camp and ration were arranged for those who needed it the most. In this way, financially stressed and needy people have their basic needs. Through this project, many people came forward to promote the act of kindness and support of needy families.

Goal

The main objective of this initiative is to help poor and needy families during Ramadan through the provision of necessities and food, so that they can also live their life and Ramadan like others. This will not only help them fulfill their needs but also show compassion, solidarity, and generosity.

Risk-Based Internal Audit Session at NED University with Quants Society

The Risk-Based Internal Audit Seminar was arranged by Combine Foundation in cooperation with Quants Society from NED University with the aim of providing students and young professionals with practical understanding of audit, risk management, and corporate governance. Facilitated by a renowned industry professional, and Director of Combine Consultant Farrukh Rehman, the seminar offered participants useful insight about contemporary auditing procedures and risks, as well as career options in finance and consulting industries.

Goal

The main goal of this seminar is to enhance students' understanding of risk-based internal auditing and develop practical skills in risk management, governance, and professional decision-making for future career growth.

Breast Cancer and Gender-Based Violence Awareness Campaign with NGAS

The Breast Cancer and Gender-Based Violence Awareness Campaign will be organized in collaboration with NGAS, which is aimed at raising the community's awareness on the need for early detection of breast cancer and preventing gender-based violence. This program aims at creating awareness through activities such as discussion, health promotion programs, seminars, and other learning activities.

Goal

The main purpose is to create awareness regarding breast cancer and gender-based violence, ensure early identification and prevention, and empower communities to move toward a better future.

Future vision / future plans

As part of our future vision, Combine Foundation aims to operate throughout Pakistan to maximize the impact of our work toward youth development and community empowerment. Our plans involve enhancing collaboration with universities throughout the country to offer more opportunities for learning and networking. The future plans will

involve structured leadership certifications aimed at empowering youths with the necessary skills needed for success both professionally and personally. Lastly, our goal is to establish internships in employment schemes that help youths to gain employment after their studies.
